Talking Points: Help Students Stay on Track!

Spring Course Selection

Students should be meeting with their **college advisors** to plan their **Spring Schedule** and ensure they are not repeating courses from Dual Credit or past semesters. Also, if you have a **freshman student**, they need to ensure that their dual credit and or AP courses have been transferred over and appear on their degree plan.

Resource Hint:

Most **College Services** offer free or low-cost medical care, counseling, and tutoring services included with tuition. Encourage students to reach out if they're feeling unwell or need support.

HSF Text Communication

We are no longer using Remind as our messaging app so, both Students & Coaches, should keep an eye out for HSF text communications from our new number **#855-599-1724**. Please **add** this number to your contact list and **DO NOT** block.

Reminder for Sophomores/Juniors/Seniors

Now's the time for students to polish their **resumes** and **cover letters**. **NOTE:** Many Summer 2026 **internships** close this fall! Students should check with their academic department or Campus Career Center and consider creating a **CareerSpring** account for additional support. For guidance, contact Julie Foughty, Student Success Manager.

*Note: Any questions or concerns, please contact: **Toni Creecy**, SSC Manager-Coaches (tcreecy@hendrickscholarship.org)*
